

Message from the President

The Faculty Hiring Prioritization (FHP) Committee recommendations were endorsed at the April 2, 2024, President's Cabinet Meeting. The process per our governance guide moves the recommendation to the President for review and final decision regarding the positions to be filled for the 2024-25 year. I carefully examined the many factors that play into these decisions. In addition to the narrative provided as part of the FHP process, I have consulted with our Vice Presidents and considered many factors including:

- Percentage of full-time faculty to part-time faculty
- Enrollment trends | Unmet Needs
- Equitable outcomes for students
- Alignment with mission | vision | values and initiatives
- Recent retirements | resignations affecting departments
- Impact of mandates on enrollment
- Accreditation requirements
- Stabilization of departments

Having considered all factors, I am approving the hiring of 12 faculty positions for Mesa College, in alphabetical order:

- 1. Chemistry Professor
- 2. Chicana and Chicano Studies
- 3. Child Development
- 4. Communication Studies
- 5. Economics
- 6. English
- 7. Fine Arts (Printmaking/Drawing)
- 8. Geology/Oceanography
- 9. Mathematics (STEM)
- 10. Physical Therapy Assistant (pending approval Baccalaureate degree)
- 11. Psychology
- 12. Spanish

*Note: We have a Native American Studies position from our 2023-24 approved FHP list and will conduct a search when the curriculum currently under development has been approved.

The next step will be for the Deans and Chairs to work with our college employment office to post these positions in Fall 2024 with start dates in Spring 2025.

I want to thank everyone for their hard work in writing and submitting requests. Each request enables us to make informed decisions about allocating resources, aligning with strategic goals, maintaining equity and excellence, promoting diversity, and planning for the future. These processes ensure that faculty hiring is a purposeful and effective endeavor that supports the overall mission of the institution.

2024 | 25 Faculty Hiring Prioritization

Final List: Synopsis

Selected Positions are highlighted in gray.

Ranking	Position
36	Mathematics Professor - Business/Biology Support Track
35.5	Communication Studies – Generalist 1
